Summary: What can I say? This is a poem about
Honor

Honor

Honor

Honor is something...indescribable
>It is in every soldier though
And it is the life,
>Of an Elite<p>

Honor is not something to be insulted
>And yet it should be kept in check
For it brought the downfall

>Of mighty empires...<p>

Honor comes...differently
>Saving a wounded comrade
In the heat of battle

Honor is easily lost
>Betrayals, surrender, and insubordination
Reduce you to
nothing

The Master Chief knows this well
>He fights not only for mankind
But for Honor as well.
